CORPORATE COMMISSIONS

Gifting & Corporate Pieces

Make your next milestone truly unforgettable with bespoke, hand-crafted pieces created exclusively for your team, clients or customers.

From celebrating a company's anniversary with a one-of-a-kind commission for every employee, to marking birthdays, achievements, launches and special occasions with completely personalised footwear and accessories, Starline Customs can bring your vision to life.

Whether you require a single statement piece, a collection for your team or a complete campaign run, every commission is individually designed and hand-painted to reflect your brand, occasion or story.

We work with businesses to create memorable pieces that go far beyond the traditional corporate gift.

From one-off commissions to large-scale campaigns, if you can imagine it, we can customise it.
